

Several Wells in Area Completed

Texas Pacific, Pardue Flows From Swastika And Flores No. 3 Makes 20 Barrels n Hour

Operators in the Hamlin oil area completed several wells for producers during the week, and new locations were made for additional tests, observers said Thursday.

The Texas Pacific Coal & Oil Co., Pardue - Toler No. 3, was completed as a producer from the swastika last week. The well, which had been planned for the Ellenburger, came in on its own power and flowed for several hours without pumping.

General Crude Oil Co., No. 3 Y. Flores was completed in the Palo Pinto reef and on initial tests gauged 20 barrels of high grade crude per hour.

Texas Pacific Redus No. 2 was completed in the Palo Pinto, but no test had been announced prior Thursday.

Dr. W. H. Bryant was drilling at 3,300 feet Thursday on the G. A. Pot No. 3.

General Crude, drilling the Lopez No. 3, an offset to Lopez No. 2, was at 1,500 feet Thursday morning.

The Rogers test near Neinda encountered pay last week in the Canyon lime series and brought in

a cleaning out machine Monday to clean the hole for completion. No tests were announced.

Locations for two new tests west of Hamlin were made this week and rigs were brought in. It is believed drilling will get underway on the tests late in the week.

Hamlin Scouts Win Honors in Area Swimoree

Honors in the annual Jones County Swimoree for Boy Scouts were won by members of the Hamlin Cobra patrol of Troop 43, at Stamford last Thursday.

Led by Joe Don Hymer, patrol leader, the patrol earned a standard award in the 12 events conducted throughout the day.

Outstanding awards were won by Anson and Stamford troops, who will compete in a swimoree at Camp Tonkawa August 17.

Points earned by the Hamlin scouts were: Fred Winslett, first place in the potato race; Richard Lovier, second place in the regatta; Troyce Hargrove, second place in rope rescue and third place in free style race; Lovier, Hymer and Winslett, third place in towel relay.

Duane Hill shared honors in the rescue event.

District Governor Is Lions Club Speaker

Sam Furr of Olney, governor of Lions District 2-E, was principal speaker at the Tuesday meeting of the Hamlin Lions Club.

Furr was making his first visit to the local club since his election July 1. Also present were Bob Morris of Rotan, deputy district governor, and Mack Curry of Haskell, deputy district governor.

Furr told the club that 1948 saw a total gain of 381,462 members of Lions clubs throughout the 26 nations in which the organization exists. In District 2-E the number of clubs has increased from 52 in 1948 to 62 in 1949.

HOSPITAL BOARD THANKS PUBLIC FOR PURCHASE OF AIR CONDITIONERS

Appreciation to the public for the purchase of 22 air conditioning units for the Hamlin Memorial Hospital was expressed this week by members of the board of directors.

The units were bought by public donation, and one was installed in each of the rooms at the hospital. Sufficient funds were obtained to pay for installation, except for \$35, according to J. E. Patterson, manager of the hospital.

A statement issued by the board this week said: "On behalf of the management, the doctors and entire staff, and the patients, we want to express our gratitude to everybody who contributed their money and their time to equip rooms at the Hamlin Memorial Hospital with air conditioners.

"The job is done and the building is quite comfortable. We appreciate very deeply the cooperation of all who had a part in this good work.

The hospital is very crowded, and to help relieve the situation the doctors have given up one room each of their office space.

"These rooms are equipped with borrowed beds — ordinary beds. They are not suitable, but are the best that can be had because the hospital is not able to furnish these rooms, or help furnish them.

"It will take about \$500 per room to equip them like all the others. Any one who would like to have a part in this is asked to call J. E. Patterson at the hospital.

"Again we say thank you.— Board of Directors."

Hamlin All-Stars to Play Mineral Wells

Hamlin All-Stars, Negro baseball team, will play Mineral Wells Tigers in a game at City Park Sunday afternoon, it was announced this week.

The game will be called promptly at 3 o'clock, and a special reserved section will be available for white spectators, it was said.

Piper Candidates to Meet Monday Evening

Candidates for berths on the 1949 Pied Piper grid team have been asked to meet in the high school building Monday evening, August 3.

Coach Jesse Burditt and Assistant Vernon Townsend said they will discuss the coming season with the prospective players, and outline conditions for membership on the team.

The meeting will be opened at 8 o'clock, Burditt said, and all boys who want to play this season are requested to attend.

Naval Aviation has a program to support the model airplane builders of the United States.

Shown above are members of the Hamlin Camp Fire Girls, and the Stamford group which helped the Hamlin girls stage their "Fly Up" ceremony last Friday. Seated at the right in the front row is Miss Kathleen Crawford, area executive, who was in charge of the ritual when the local Blue Birds became Camp Fire Girls. The ceremony followed a week's day encampment, when members of the group met daily in the hut. (Photo by Nell's Studio, Hamlin).

Year's First Cotton Brought in Thursday

First cotton brought to Hamlin from the 1949 crop was exhibited Thursday by C. C. Burnett, who lives five blocks south of the main part of town.

The cotton, Burnett said, was planted last fall and the seed laid in the ground throughout the cold, wet winter months. It began to open early this week, and has produced about 30 bolls to each stalk.

Burnett has only four stalks of the volunteer crop, but he was exhibiting the opened bolls proudly Thursday as the first cotton produced in 1949.

Merchants Vote for Labor Day Closing

Hamlin's business men are overwhelmingly in favor of closing for Labor Day, it was revealed in a poll taken by the Chamber of Commerce this week, Mrs. E. M. Wilson, secretary, reported.

A survey of business houses, which did not include every firm in town, revealed sentiment for closing was at the ratio of 20 to 3, the secretary reported.

LIONS ISSUE CHALLENGE

A challenge to the Rotary Club of Hamlin for a ball game was issued this week by the Hamlin Lions Club, according to A. G. Irwin, president. Irwin said if the challenge is accepted, date for the contest, and other details will be worked out by the two clubs. Members of the Lions committee are Clyde Angel, Travis Hash and Delmar Shelburne.

Guests of Mrs. Lala Harbert last week end were Mr. and Mrs. J. T. Hart and sons, Guy and Tommy of Lubbock; Mrs. John Jenkins and sons, Jimmy and Jarrell, of Sundown, and Mrs. Jim Richardson of Sundown.

Sylvester Will Meet Celotex in Softball Playoff

Sylvester men will meet the hard-playing Celotex team in playoff Tuesday and Thursday of next week, Coach Jesse Burditt, who has sponsored the summer softball league here, said.

The Sylvester team won the right to meet Celotex when it downed Neinda in a close contest at City Park Monday night. Score of the game was 13 to 12.

Celotex, defeated only twice during the season is slated to cop the series, but fans pointed out that a surprise upset may topple the platermen from their position and give the title to Sylvester.

In a second game Monday evening Haskell women defeated Hamlin 8 to 5 in a non-league contest.

Neinda women and Stamford are tied in the playoff in the women's division, which began last week. Each of the teams has one game credit in the series.

Neinda won last Thursday night 13 to 4 and Stamford won Friday night 19 to 0.

The two women's teams will meet Tuesday night August 9 for final determination of the championship.

Sylvester took Hamlin Green Sox out of the play last Friday night by defeating the high schoolers 7 to 6.

ATTENDS FUNERAL

Mrs. Lala Harbert went to Denton last week to attend funeral rites for her brother-in-law, Frank Beaty. She was accompanied by Mrs. Jim Richardson and Ruby Garner of Sundown and by Mrs. Leona Langford and Mrs. Leona Carter.

Miss Ruth Nelson of Brownfield is spending this week in the home of Dr. and Mrs. W. C. Weir.

Two Fires Wednesday Result in No Damage

No serious damage was reported from either of two fires which came within a few minutes of each other Wednesday afternoon, firemen reported.

The first call was for a grass fire. The blaze was extinguished without damage.

A second call, which came immediately after the first one, was to the John Walker home, where a cook stove flared up while Mrs. Walker was canning some fruit.

O'Donnel Man Named Manager of Oil Mill

J. A. Edwards of O'Donnel has been named manager of the Hamlin Oil Mill and began his duties Thursday, it was announced by J. B. Eakin, auditor for the firm, Thursday.

Edwards will succeed Bill Terry, who resigned last month to purchase a gin at Weinert.

The new manager has had many years experience in the cotton business, Eakin said. He was employed by the board of directors in a meeting last week.

The directors also employed R. L. Mullins of Lubbock as superintendent of the oil mill, Mullins reported for duty Wednesday.

Mullins succeeds Gordon Sproules, who resigned as superintendent in June.

Annual meeting of the stockholders and directors was conducted at the mill last Saturday, when a barbecue dinner was served at noon. Approximately 125 people including invited guests, were in attendance.

Directors of the mill are selected from among stockholders of the 27 co-operative gins which own the oil mill, Eakin said. The directors present last Saturday were: Raymond Day, Anson; A. F. Kemp, Ballinger; T. T. Smith, Buford; A. L. Wilkerson, Coleman; Grady Smith, Hamlin; Norman Sloan, Hodges; F. W. Poe, Neinda; Nolan Barmore, Loraine; Woody Johnson, Munday; E. Williams, Hobbs; A. R. Eden, Rule; B. L. Elliott, Seymour; W. T. Williams, Spur, and C. D. Murrell, Lubbock.

Rumors of a proposed sale of the oil mill, which have gained circulation recently, are unfounded, Eakin said this week. The mill, through reorganization, has been put on a solid financial basis, and is getting ready for the new season, he reported. Extensive repairs are underway now to put the mill in condition for operation.

Guests of Dr. and Mrs. W. C. Weir last week end were his two sisters, Mrs. O. H. Muncie of Denton and Miss Myrtle Weir of Bruceville, and his brother, L. N. Weir of Eddy, Texas.

Miss Hortense Phenix, who attended Colorado State University at Boulder during the summer session, returned to her home here this week.

Farmers Prepare For Insect Battle

Boilworms Infesting County Cotton Crops, Agent Reports; Cotton Prospects Bright

Cotton farmers in the Hamlin area were preparing this week for an all-out fight against bollworms and other insects that have been found on plants in the vicinity, Bill Lehmborg, county agent, said.

The boll moths, or millers, are showing up in fields in all parts of the county, Lehmborg said. Indications are, he continued, from eggs found on cotton plants, that a heavy infestation of insects can be expected.

Cotton growers in Hamlin's trade territory are anticipating one of

the largest crops in the history of local farming. Prospects, they say, are brighter than for any year during the past decade.

Most of the cotton was planted during the rainy season last spring, or shortly after the rains ceased, and good stands of the crop are seen on nearly all farms.

Lehmborg reported Thursday that recent cool nights have contributed to the propagation of bollworms. He said eggs of the insects hatch within five to 10 days.

The eggs, he said, are laid singly on tender cotton growth and newly formed squares. The eggs are smaller than the head of an ordinary pin and pearly white when first laid. Later they change to a dark color, just before hatching.

When hatched the small larvae or worms feed on the tender buds or leaves and on the outside of squares before burrowing into the squares or bolls.

Lehmborg recommended a dust of 20 per cent chlorinated camphene and 40 per cent sulphur at the rate of 10 pounds per acre as a control for the insects. The application should be made at five day intervals.

The county agent advised farmers to secure additional information and literature from his office.

Lions Talk Boxing Tournamena in City

Plans for a boxing tournament in Hamlin were discussed at a meeting of the Hamlin Lions Club board of directors Tuesday, and a committee was appointed to make arrangements for the entertainment.

No date for the tournament has been set, nor have other arrangements been definitely made. Members of the committee are Stanley Carmichael, Joe McCrary and A. Spencer.

Mrs. W. H. Gilbert to Retire After 30 Years in Postal Service in City

After 30 years service in the Hamlin post office, Mrs. W. H. Gilbert will retire from the postal service on August 30, she announced this week.

During the 30 years she has been working in Hamlin's post office, Mrs. Gilbert has taken care of almost every duty in the office. She has dispensed mail, tended windows and for several years she has served as money order and postal savings clerk.

Born in Villa, Ark., as Susie Ezell, she attended the Girls Industrial College at Montevilla, Ala., and later she taught school.

She was married in 1906 to William Henry Gilbert, and they made their home in Columbiana, Ala., where Gilbert was superintendent of schools.

Mr. and Mrs. Gilbert came to Texas early in 1908 and moved to Knox City, where he opened a jewelry store. Later that year they moved to Hamlin and Gilbert became a jeweler in the Ezell Drug Store. A short time later he formed a partnership with S. D. McMahon.

Mrs. Gilbert sold her interest in the business in 1917 when her husband died. She returned to Alabama for awhile, but within two years she moved back to Hamlin to become bookkeeper for the Ezell Drug company.

In 1919 Mrs. Gilbert took a civil service examination and was appointed a clerk in the post office. She served first under C. B. Rowland, postmaster. Another woman was employed in the office at that time, Miss Winnie Caldwell, now Mrs. John Ed Day.

Mrs. Gilbert is an active member of the First Methodist Church, and served for 14 years as a member of the board of stewards. She is a member of the choir and of the Wesleyan Service Guild, and is serving as president of the King's Daughters class.

Mrs. Gilbert has been clerk of the Civil Service Board here for several years.

With the aid of her husband, she helped to organize the Eastern Star chapter in Hamlin in 1915.

Plans for her retirement, she said this week, include fishing, golfing and travel.

OSTEEN IN REVIVAL

Rev. John H. Osteen, former pastor of the First Baptist Church of Hamlin, will conduct a revival in the Highland Home Baptist Church, northwest of here, August 12 to August 21, it was announced this week.

Mr. and Mrs. Clyde Alexander and children returned this week from a vacation trip through parts of Mexico, New Mexico, Arizona and California. Alexander is manager of the Safeway store in Hamlin.

Ronald Pat Collins, infant son of Mr. and Mrs. John Pat Collins, underwent a major operation at Hendrick Memorial Hospital in Abilene Sunday morning. The baby's condition is reported to be improving.

Malaria Control in Turkey

Stressing a "new outlook" in international health, the U.N. World Health Organization (WHO) is now attacking international health problems with tactics based on preventive rather than curative techniques. Here, under the guidance of a WHO Malaria Engineer assisting the Turkish Malaria Services, workmen spray insecticide for mosquito control in a swamp near a town in the province of Ankara.

Adolescent Effervescence

Adolescence is a state through which all persons must pass before they reach maturity. And it is a state which causes many impractical ideas to be foisted upon the startled senses of those who have settled down to living in a more practical world.

An example of such adolescent effervescence appeared as an editorial in a recent issue of the H-SU Brand, student publication of Hardin-Simmons University.

The writer, choosing to discourse on the subject of socialized medicine, expanded the scope of his article to take in economics, politics, history, and international relations. Like a "mother Hubbard" he covered everything and touched nothing.

Exuberant in his adolescent zeal for a lofty cause, the writer based his argument upon a premise that is false, thus undermining the logic of his entire article.

He said in part "a medical program sponsored by the federal government through some form of taxation would be the best way to make it feasible for everyone to be hospitalized."

A little research on the part of this youthful editorialist would have uncovered the fact that wherever socialized medicine has been tried, it has proven a dismal failure. It does not give greater medical benefits to the individual, but serves only to increase the grip which bureaucrats have grasped upon the lives and pocket books of erstwhile free citizens.

He went on to say that a little bit of socialism mixed with our form of government would be a good thing, and that such a mixture would help to halt communism.

Again, the immature writer should have looked up a few facts. In the first place there is practically no difference in socialism and communism. If he would consult any modern dictionary he would learn this. In the second place, has he not learned that eternal truth, contained in Holy Writ, that a "little leaven leaveneth the whole lump"? It is as difficult for a nation to have a little bit of socialism as it is for an individual to be a little bit dead, or for a man to be a little bit honest.

He reasoned then that because some socialistic experiments have been foisted upon us by the bureaucratic new deal, we ought to go ahead and adopt a full program of socialism. He referred to the TVA, REA, etc. to prove his point.

Socialism as a theory, is a beautiful concept. Its only weak point is that it won't work in a practical world until and unless human nature can be changed. And until that time comes the young editorialist will have to stagger along with the rest of us in a world that must be either free of restraint upon liberty, or one in which the totalitarian forces deny to all men their inherent rights of self determination.

The adoption of socialized medicine, or socialized groceries or any other form of socialism is only another milestone along the road to slavery and bondage for the individual. Bondage to a system of collectivism best seen in Russia—the land where socialism has been given free rein.

The Herald is not alarmed at such outbursts from juveniles, who are anxious to remake the world. But it is alarmed that such outpourings should come from a newspaper representative of a great university—a university where Christian people have poured out their money to create an institution of higher learning.

America—the land that is the envy of all the world—was created by individualism and freedom, and its destiny lies on that road. Any other course will mean an end to the hopes and dreams that we have cherished, and will result in the downfall of our way of life.

In the mental collisions of mortals and the strain of intellectual wrestlings, moral tension is tested, and, if it yields not, grows stronger.—Mary Baker Eddy

It is impossible to mentally or socially enslave a Bible-reading people. The principles of the Bible are the ground-work of human freedom.—Horace Greeley.

None so little enjoy themselves, and are such burdens to themselves, as those who have nothing to do. Only the active have the true relish of life.—Jay

PETE GIVES ADVICE TO THE LOVELORN WHEN HIS ADMIRING FANS SWAMP HIM WITH VARIOUS QUESTIONS

scuddyhoo, tecksas,
 august 3, 1949

hamlin harold,
 hamlin, tecksas

dear mistar harold:

i reckin you aint pade me fer my artickels becaws you thawt thay wuzent wurth nuthin, but this weak i haiv got sum lettirs frum peepil that proves thay thank my ritin is pritty good. in fack thay haiv ast me to give thim advise on problems thay haiv got, and that is whut i haiv dun. hear is sum of the lettirs and my ansirs:

"dear pete: i am sweet sixteen and i aint nevir bin kist. whut wood you advise me to do about it?"—sined: ima dodo.

dear ima dodo: are you cumplainin or braggin? i wood advise you to stay away frum my unkel belshazzir if you dunt want to git yore reckerd broak.

"dear pete: i haiv bin a goin with a gurl fer severil yeers and now i find that i am in luv with her muthir to. i cant deside between thim. whut wood you say about that sitchuashun?"—sined: b. a. boon.

dear b. a. boon: jest go ahead and marry the gurl and that will solve yore problem becaws i herd paw say thare aint no man that can luv his mother-in-law very long.

"dear pete: we are a boy and a gurl six-

teen yeers old and we luv eech othr a lot. our maws and paws wont let us git married becaws thay say it aint nuthin but puppy luv. wood you pleeze tell us whut to do?"—sined: romio and julyett.

dear romio and julyett: yore maws and paws mite be rite about it bein puppy luv. paw sed that's the way his'n startid and he has bin in the dawg howse ever sents.

"dear pete: my rich unkel got killed in a car reck and left me five hundird dollirs. i wood like to maik sum moar eazy munie and wuntid to no if i had awt to invest in the stock markits?"—sined: e. z. mark.

dear e. z. mark: i thank the eeziest way to maik munie is to haiv a rich unkel git killed in a car reck. aint you got anuthir one? if you jest want to taik chancis on losin yore doe, i wood suggest a good crap gain. my unkel belshazzir, him bein a reepublickan, sed to let him no whin.

now mistar harold that had awt to be anuff to let you no peepil appreshiate my artickels evin if you dont.

we want to a reevival meatin last nite and the preecher sed a lot of peepil is as meen as the devvil.

hoapin you are the saim,
 yores troolie,

yore frend,

And Now Who Gets The Bananas?

The Leak in the Dike

by Ding Darling

And if the Dike Breaks the Whole Landscape will be Flooded.

"Bigness is No Crime," Writer Says In Denouncing Tactics of New Deal

BY GEORGE PECK

Dinner over, Mama and Papa Brown were taking it easy in their living-room. Irrepressible, young Willie, their 5-year-old, joy, sometime "pain-in-the-neck," was elsewhere.

"Where's Willie?" asked Papa Brown.

"Out back somewhere," replied his spouse.

"Well, you go out there, and whatever he's doing, you stop him," directed Mr. Brown.

Just about the same type of logic seems to have actuated the U. S. Department of Justice in filing suit recently against the DuPont Co., General Motors Corporation and others, alleging violation of the Sherman and Clayton anti-trust laws.

In the one case, Papa Brown reasoned that Willie, being a young boy, must be up to some mischief. In the other case, the Department of Justice reasoned that being big, DuPont and General Motors must be in violation of the law.

The suit contains many trumped-up violations, too numerous to enumerate in this short article. However, U. S. Attorney-General Tom C. Clark has left no doubt that this suit arises out of a determination by the D. of J. to attack bigness in business as such, when he said it was "directed to the breaking up of the largest single concentration of industrial power in the United States."

This leads one to wonder at just what point a business ceases to be small and becomes big, and what court or bureaucrat is to determine that point. At any rate the D. of J. displays a woeful lack of understanding of what makes our national economy "tick," and does not realize the dire consequences to that economy if its attack upon bigness in business is successful.

The American people know that there are many jobs which can best be accomplished by small business but that there are others that can only be executed by large companies with many resources at their disposal. It is the cooperation between small and large enterprises that has contributed strength and vigor to our economy.

Also, the American people realize that America's recent industrial history proves that without the DuPont Co., General Motors and other big companies there could have been no successful synthetic rubber industry, no synthetic textile fibres, no 30 million automobiles running on our highways, no successful

atomic energy program, no victory in World War II.

The DuPont Co. for instance, has grown big because its products have found favor with the American public, AND FOR NO OTHER REASON. Its slogan, "Better Things For Better Living—Through Chemistry" is no mere advertising blurb. It is a statement of accomplished fact. If the day should ever come when DuPont products fail to find favor with the consumers, then DuPont will become a small company; even may cease to exist.

The D. of J. appears to be proceeding against DuPont because it has been successful in meeting the Consumer demands of the American public. It seeks to penalize that success. Not only is DuPont on trial, because if successful in this particular suit, the D. of J. will proceed to penalize success in other enterprises.

While the suit is a direct threat to DuPont, General Motors, etc., the real danger lies in the philosophy and way of thinking that lie behind it. The ability of the United States to advance in peace and survive in war is threatened by this contention that bigness is bad in anything but Government.

America today, can and does out-produce the world because we have here many industrial organizations capable of producing goods in mass quantities at prices millions of people can afford.

DuPont and other defenders in the suit have signified their intention to fight this unjustified attack with all possible vigor. In that battle they should have the support of every American, because America's national defense and welfare are at stake.

VETERANS - KEEP YOUR MEDICAL OR DENTAL APPOINTMENT WITH THE VA... IF YOU CAN'T KEEP IT, CANCEL IT PROMPTLY, AND GIVE SOME OTHER VETERAN A BREAK

Antidote for Communism is to 'Live' Christianity in a Militant Manner

By Dr. Norman Vincent Peale

There was a book written called, "You Can Change the World," by James Keller. The author has founded an organization known as the "Christophers"—it is a Catholic organization. We need its equivalent in the Protestant Church, and I am all for starting it. The word "Christopher" means "Christ bearer." You join the "Christophers" and you automatically have a job. That job is to apply the artifices of the Communist, except that you do it with an honesty which they do not employ.

A Communist, for example, went to work in an office in New York City. Within three weeks he succeeded in completely disrupting this office by pitting people against each other. There was a little stenographer in that office, who said to herself, "I am going to see what I can do by disseminating the spirit of Christ in this office." She started to pray and say nice things about people. Gradually she won one, and then another, until after a while the whole atmosphere of the office changed. When the Communist tried by devious tricks to throw the office into conflict again, he was met with a resistance that amazed and bewildered him.

The technique of the "Christophers" is to go into a social group, and if anyone starts talking in an unkind manner against other people, his duty is to inject ideas of love and kindness by word and by prayer.

The "Christophers" realize that the way to control people is to control their ideas. If you can control the man himself, that is exactly what the Communist are trying to do, control our ideas. They enunciate great humanitarian ideals to cover destructive and vicious processes.

They attempt to control our minds so that we begin to have doubts about God, about democracy, about freedom, about goodness and about decency.

I wish that every reader of this column would pledge himself to go into every group, beginning with own family, and think Jesus Christ, talk Jesus Christ, pray Jesus Christ; then move into the Labor Unions and think, talk and pray Jesus Christ, then enter into every industrial establishment in the land and think, talk and pray Jesus Christ; move into every place in society, to destroy everything this country is filled with the spirit of Jesus Christ. Then we will drive Communism so far from these shores that we will never hear of it again. It is the only way to do it. It is the only way to establish a world in which we can have confidence.

We are a great, tolerant, wonderful people, but we have to put against the virus of the Communists' ideas of destruction, the health and ideas which are in Jesus Christ.

Do not think I am trying to drag a "red herring" into this article. The "red herring" business has been greatly overworked. Communism is very weak in the United States at the present time, but it can become stronger; never forget that. But against it we still have the great power of the ideas of Christ, so that we can develop confidence in the future.

The best blueprint for confidence living is to put one's problems in the hands of God, rest them there, and trust Him to give the answer. Then never for one moment hold any other idea in the mind than you can help develop for yourself and for your children a great, free land and a great, free world.

LOOPHOLES in the Law

By WILL WILSON

Past President, Texas District and County Attorneys Association

(Editor's Note: This is one of a series of short case histories, all taken from court records, showing how legal loopholes often enable criminals to escape punishment in Texas. Will Wilson is chairman of a special steering committee of the State Bar, which is working for revision of the antiquated Criminal Code and Code of Criminal Procedure in order to eliminate these loopholes.)

Joan Smith saw Joe Brown steal his watch. He had Brown arrested and the watch was found in his pocket. Smith told the officers that he had paid \$49.50 for the watch and misdemeanor charges of theft were filed against Brown.

When the case was tried in the county criminal court, Smith made one slight mistake. He actually had paid \$50 for the watch instead of \$49.50. Since it was nev-

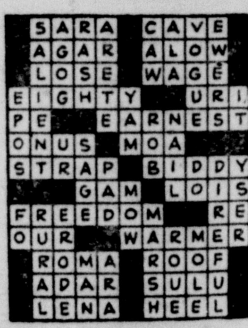

ertheless stolen it was considered worth the purchase price of \$50. Smith was a convincing witness and, as a result, he had actually attested to the fact so Brown was promptly convicted.

Upon appeal the case was reversed. The higher court held that the theft of a watch valued at \$50 constituted a felony, rather than a misdemeanor, theft. Thus the county criminal court lacked jurisdiction over the case. There was no question about Brown's guilt, but he was given a new trial simply because the watch was valued at fifty cents more than it was originally said to be worth.

Such delays in punishing criminals, made possible by legal technicalities, hamper justice and encourage crime. Proper revision of Texas' criminal statutes, as advocated by the State Bar, would eliminate such technicalities.

Common Sense and Precaution Are Needed to Enjoy Safe Vacations

Every year, millions of Americans are injured in accidents of varying degrees of seriousness. Many of the injuries occur in summer, when children and adults are indulging in sports and are traveling more than at other times of the year.

Children and adults alike count vacation time for relaxation, fun and the restoration of physical well-being after months of work or study. The secret of avoiding accidents and getting full enjoyment of vacation is in a little common-sense moderation and in being prepared for summer emergencies.

Many of us, after sedentary jobs all year, try to crowd strenuous physical sports into the short vacation period. Summer sports are fine, but should not rush headlong into any sport. We should avoid over-exercising until our bodies become accustomed to the unusual experience.

LOOK!

Any of the following conveniences can be had without

Down Payment

MILK HOUSES

To assure sanitation, save on labor. Well built houses, expertly designed.

NEW BARNES

Make your work easier, more efficient. Comfortable animals are better producers.

HOG HOUSES

Warm, dry, well insulated and ventilated for successful farrowing, raising, fattening.

NEW ROOFS

Moisture tight, wind proof, fire-resisting. High quality, long wearing and low in cost.

BROODERS

Keep chicks warm, dry and healthy in a building designed for better broods, lower mortality.

NEW SIDING

Makes old buildings like new. Preserves and safeguards against loss by rot, decay and fire.

GRANARIES

For protection against rot, wind, moisture, rodents. Delivers a lifetime of good service.

INSULATION

A necessity in every farm building. Increases comfort, production and profits.

TOOL SHEDS

Protect expensive machinery. Guard against rust, exposure to the elements. A place to work

LAYING HOUSES

Increase production, keep flock losses down. Durable, sanitary, well-insulated. Easy to clean

CORN CRIBS

Sturdy-built, well-braced for heavy loads. Easy to fill. Has shelling trench.

NO MONEY DOWN

Payments are arranged to suit your needs . . .

Sun tan should be acquired gradually. A safe rule is around five minutes exposure to the sun on the first day, then longer sunbathing periods as the skin becomes less sensitive.

Those who travel on vacation must be careful what they eat and drink. Fruits and raw vegetables should be carefully cleaned before eating. In unfamiliar territory it is essential to make certain of the purity of milk and water.

A knowledge of first aid is a valuable asset to anyone at any time. It is particularly helpful for vacation trips, and a small first aid kit might prove to be an important part of your vacation luggage.

A vacationer's knowledge of "what to do until the doctor comes" has frequently prevented serious complications and ever saved lives, following accidents. Your family doctor or the local health department will give you instructions and literature on such things as artificial respiration for swimming mishaps, aiding victims of sunstroke, emergency treatment of snakebite, sunburn, or poison ivy.

Denman Morgan of Lubbock spent last Wednesday and Thursday nights in Hamlin as a guest of his parents, Mr. and Mrs. J. P. Morgan.

Robert Angel is visiting with his cousin, James Angel, in Fort Worth this week.

Mrs. H. E. Redus and Mrs. Myrtle Jones are visiting relatives in Brownfield this week.

Mrs. Fred Ratcliff has as her guest this week her niece from Oklahoma City.

Mrs. Wade Farrell and son, Don, of Palfurrias, spent last week here as guests of Mrs. Farrell's mother, Mrs. W. J. Wilcox and other relatives.

Miss Louise Proctor is visiting her Mr. and Mrs. P. D. Harkins returned Sunday from Denver, Colo., where they had visited with Harkins' brother and sister-in-law, Mr. and Mrs. E. D. Harkins.

Oh, That One!

"How's the pain in the leg?" said one rheumatic to another.

"Okay."

"How's the pain in the arm?"

"Okay."

"How's the pain in the neck?"

"She's out playing bridge."

DOCTORS DISAGREE ABOUT ARTHRITIS!

Some claim it is incurable—yet sufferers who have tried REUMA-RUB tell us that this new liquid emulsion gives them wonderful relief from pain and discomfort. REUMA-RUB is a pleasant-to-use Alcoholic Rub that penetrates and stimulates sore aching muscles and swollen joint areas and gives welcome relief. And Remember! You must find that REUMA-RUB gives more relief from pain of Arthritis, Lumbago and Rheumatism than any external remedy ever used—or your money refunded. A large bottle of REUMA-RUB costs only \$1.25 at your Druggist or at

REYNOLDS DRUG STORE

The engagement and approaching marriage of Miss Ruby Joyce Redus was announced by her parents, Mr. and Mrs. W. R. Redus. Miss Redus will be married to Robert W. Harden, son of Jack A. Harden, on August 14. The announcement was made at an informal buffet supper, Monday, July 25.

Mr. and Mrs. M. T. Hudson and daughter, Susanne, accompanied by Mr. and Mrs. Tyree Allen and daughter, Edgar Lee, of Dallas, and Miss Pearl Hudson, spent last week in the mountains of northern New Mexico.

CROWDED

"Did you get home all right, last night, sir?" asked the bus driver of one of his regular passengers.

"Yes, of course," replied the passenger. "Why shouldn't I have gotten home all right?"

"Well, there were just the two of us on the bus last night and you insisted that I take your seat."

High Blood Pressure HARDENING OF ARTERIES PAINS IN LEFT SIDE AND SIDE—

Elmer G. Johnson, President of Harlingen State Bank, Harlingen, Texas, writes, on February 20, 1948:

"Please send another bottle of Liquid Garlic, also send a bottle to my sister-in-law, Mrs. Hulda C. Dutton, 45 Atwater Terrace, Springfield, Massachusetts.

"I have some good reports to make on the effectiveness of garlic used. Mr. Turner, Texaco dealer here has taken two bottles and is much better, his blood pressure down about 60 points. Mrs. W. F. Nelson, of San Benito, who was in bad shape, is also very much better and her blood pressure down considerably. This Garlic works, and you are doing a fine job of producing it for benefit of those suffering from high blood pressure or heart trouble."

Driver Permits May Be Renewed Sans Examination

Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced this week a temporary relaxation in the policy of renewing expired drivers licenses. Pointing out that the action is being taken because of inadequate field and office personnel to handle the procedure in the normal manner, Colonel Garrison stated that the temporary measure, which becomes effective immediately, will preclude excuses on the part of motorists for not having obtained a renewal of their licenses.

This should come as good news to a half million Texas motorists since the records indicate that there are 3 1-2 million drivers in the State and only 2 1-2 million current licenses are on file. Estimates show that of the one million drivers who do not hold presently valid drivers licenses about half have had one at some time but have failed to renew them. The other half million have either moved from the State, ceased driving or died since the records were compiled or have never possessed a license to drive.

Under the new program, Colonel Garrison outlines the following steps for obtaining a renewal of expired Texas drivers licenses. First: if you have a license that was issued since January 1, 1944, you may secure a renewal of same by mail from the Department of Public Safety, without examination. Second: if you have a license that was issued prior to January 1, 1944, you may renew same by presenting the old license to a Drivers License Examiner in your locality and executing an original application. License in the latter case will also be issued without examination.

Formerly, those applicants for renewal who had allowed their licenses to expire were required to stand a re-examination. Now, under the temporary set-up you may re-instate your permit to drive without taking the test, regardless of how long it has expired, provided it is not now suspended or revoked.

Telephone Operators Had Party Friday

Hamlin telephone operators and invited guests were entertained with a picnic party in the backyard of the Jo Hargroves home last Friday evening at 10 o'clock.

Refreshments consisting of sandwiches, potato salad, fried chicken, deviled eggs, potato chips, olives, soda pop, ice cream and cookies were served.

Chuck Schytes, manager of the Rotan telephone office, showed movies taken of men at work, and colored films of scenes near Rotan, including a picture of Sammy Baugh ranch.

Present for the picnic were Mr. and Mrs. Stanley Hill, Mr. and Mrs. Johnny Lindsay, Mr. and Mrs. Bob Tegart, Mr. and Mrs. Bert Oliver, Mr. and Mrs. Lannie Davis, Mr. and Mrs. R. B. Boiles, Mr. and Mrs. Marvin McInturf, Mr. and Mrs. Bill Fomby.

Louise Wilgus, Villa Rountree, Viola Johnson, Lovena Kite, Dorothy Huling, Ruth Harrison, James Brady, Kenneth Riddle, Kenneth Zier, Chuck Schytes, H. P. Davis, Joy Agnew, Dena Lois Sharrer, Evelyn Fudge, Mr. and Mrs. Dick Branscum, Mr. and Mrs. W. C. Hargrove, B. and Hargrove and the hostess, Jo Hargrove.

Mr. and Mrs. Aubrey Bowman and Miss Geneva Patterson have returned to their homes here after a vacation trip to Kermit, El Paso and Juarez. They also visited Carlsbad caverns. They were accompanied by Beekie Bowman.

Ignorance Is Big Factor in Deaths From Tuberculosis

There is no more emphatic proof of the power of ignorance and carelessness to spread disease than is shown by continued ravages of tuberculosis, which is responsible for more deaths between ages of fifteen and forty-five than any other disease.

Despite the knowledge of its cause, spread, and curative procedures, tuberculosis continues to be a grave public health problem, and today it holds fifth place among the killing diseases in this State. This fact exists even though the majority of tuberculosis patients could have their condition arrested, if it were recognized early and proper treatment applied.

These facts are disclosed by Dr. Geo. W. Cox, State Health Officer, who says, "treatment of the early recognized case is essential to recovery. It is of equal importance, from a public health viewpoint, that the spread of this devastating infection be prevented. A more widespread appreciation of this fact would result in the saving of thousands of lives."

The State Health Officer added: "When a diagnosis of active tuberculosis has been made, examination of all other members of the family should follow as a matter of course. Tuberculosis runs in families, not because of any special susceptibility, but because it is communicable and easily transmitted from one member of the family to others."

To reduce the number of deaths caused by tuberculosis, Dr. Cox urges periodic examinations of all adults, including chest X-rays; frequent check-ups by physicians where active cases and their contacts are known; isolation or hospitalization of active tuberculosis cases, and a more intelligent application of hygienic living principles.

Dim Outlook

When John Barrymore played in stock companies he arrived in a small town to play a part in a one-night stand. He had arrived a little earlier than he had expected to so he walked down the Main Street to pass the time. As he strolled past a vegetable stand he stopped to chat with the proprietor.

"Are there any forms of amusement in this town?" he asked.

"If you care to wait until tonight," replied the proprietor. "I think there will be a play put on at the Orpheum."

"You think there will be?"

"Well, there must be. The way

folks around here have been buying ripe tomatoes it couldn't be anything else."

On your vacation trip... stop for an afternoon at Baytown

If your vacation leads you down our way, you'll find a visit to Humble's Baytown refinery a highlight of your trip. It is one of the great oil refineries in the world, processing about 200,000 barrels of crude oil daily into such diverse products as gasoline and asphalt, motor oils and insecticides.

Tours of the refinery start at 2:00 p.m. every day. First, you find out what you're going to see; then you're taken on a comfortable bus tour of the plant with a guide to tell you what goes on. The children are welcome.

A visit to Baytown will give you a glimpse of the results of scientific research by the oil industry; for unless you see a modern refinery, you'd never suspect that it can break up crude oil molecules and reconstruct them into other molecules of wider service to you in your daily life... A visit to Baytown will show you how the petroleum industry supplies many of the necessities of modern living, and how energetically the industry works to supply them. For throughout the United States, oil refineries like Baytown work night and day to supply you with petroleum products of continuously improved quality and continuously increased diversity.

If you can't visit Baytown in person, ask for a copy of this book; address your request to

Mrs. Gertrude Wells has been called to Lubock by the serious illness of a grandson.

The Optimistic Bridge Club met in the home of Mrs. Hester M. Johnson this week.

Bill Erwin is a guest in the home

COMPLAINT

"Daddy," sobbed Jessica as she ran crying into her father's arms. "Mommy just drowned one of my kittens."

"Oh, that's too bad," said her father consolingly, "but maybe she had to do it."

"No, she didn't," she sobbed, "she promised me I could."

of Mr. and Mrs. Charles Erwin. Mrs. Mary Allen is a guest this week of her sister, Mrs. Annie Berford.

The Hamlin Blue Jays will go to Mineral Wells Sunday for a baseball game.

Cpl. B. F. Van Zandt spent the week end here with his father.

Regular Physical Checkups Can Detect Early Symptoms of T. B.

People who refuse to "keep tabs" on their health with regular physical examinations, even though they think they are well, are unwise. But those who ignore definite signals that something is wrong take a foolish chance and invite serious illness and even death.

During summer months, people who seem tired all the time, lose weight, and never seem hungry at mealtime frequently blame the summer heat and humidity can interfere with "pep" and appetite, but the loss of energy can also be the sign of such a serious disease as tuberculosis.

Tuberculosis has no obvious symptoms when it first strikes, but is frequently accompanied by fatigue, loss of appetite and loss of weight. Hence, while a person who has these complaints is busy blaming it all on the weather, he may be losing valuable time in fighting his disease. There are other danger signals of tuberculosis, which usually come later, including a cough that hangs on pain in the chest, and spitting up of blood. When these accompany

fatigue and poor appetite, tuberculosis may have taken serious hold. If people would get chest X-rays regularly—at least once a year—tuberculosis could be found in an early stage, before it became more advanced and more difficult to cure. Hot summer days are frequently responsible for bringing out the lazy streak in some of us. The weather might be responsible for making a person feel "dragged out" all the time—and again it may not. But a constant feeling of exhaustion might mean tuberculosis. Those who suffer from such fatigue should see the doctor promptly and find out what is wrong.

HOW MANY?

Jennie was one who couldn't help bragging about how men stumbled over themselves when they saw her. "My dear," she confided to a companion, "I really do wish I could determine how many men will be made wretched when I marry."

"Why!" exclaimed the other girl in a shocked and surprised tone, "you're not thinking of becoming a bigamist, are you?"

He Never Learned

It was quite a surprise to the absent-minded professor's colleague to learn that the professor once had been in love. The thought simply hadn't occurred to him.

"Tell me about it," he asked the professor.

"It was a long courtship," the other replied, rather sadly. "And finally, I worked up enough courage to propose to her. You can imagine my surprise and delight when she accepted me."

"But something went wrong?"

"Yes. I went to visit her again a few days later and had forgotten all about the proposal and her acceptance. Unfortunately, I proposed again."

About Time, Doc

An old lady fell down the stairs and broke her leg. The doctor put it in a cast and warned her not to walk up or down the stairs. The leg was slow mending. Finally, after six months, the doctor announced it was all right and removed the cast.

"Can I climb the stairs now?" asked the old lady.

"Yes, you can,"

"Oh, I'm so glad," she said. "It was so tough on me going outside and climbing up and down that drainpipe all the time."

Wanted Proof

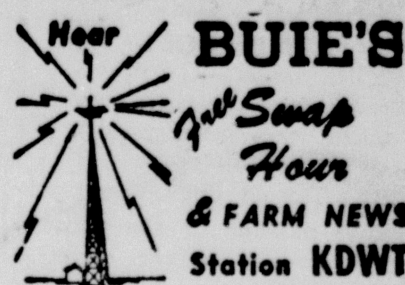

"Buddy, can you spare a nickel for a cuppa coffee?" whined the panhandler as he held out a dirty palm.

The fatherly-looking gentleman looked at him with tender pity and replied, "I'm sorry, young man, I have no money but I should like to give you a little advice."

At this the panhandler blew up and screamed impatiently, "All the time I get plenty of advice, but no money. Say, if you guys never have no money how can you expect me to believe that your advice is worth anything?"

The Navy's giant Caroline Mars broke the world's passenger carrying record by transporting 269 personnel. The previous record was 217.

Ninety per cent of Naval personnel trained by the Pacific Fleet Training Command had never been to sea before.

HOUSE JOINT RESOLUTION NO. 32

proposing an Amendment to Article I of the Constitution of the State of Texas, by adding thereto another Section 15, providing that the Legislature may provide for trials in lunacy cases without a jury; further providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another Section thereof to following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. The Legislature shall have the authority to enact all laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgements rendered in such cases. Such laws may provide for waiver of trial by jury in cases where the person under inquiry has not been charged with the commission of a criminal offense, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury."

Sec. 2. That the foregoing Constitutional Amendment be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the second Tuesday in November, A. D. 1949, a which election all ballots shall be printed thereon:

"FOR the Amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases" and

"AGAINST the amendment to the Constitution of the State of Texas providing that the Legislature may provide for trials without a jury in lunacy cases." Each voter shall scratch out one (1) of said clauses on the ballot, leaving the one (1) expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. That the Governor of the State of Texas issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

HOUSE JOINT RESOLUTION NO. 22

proposing an Amendment to Article V, Section 7 of the Constitution of the State of Texas to provide that the Judge of the District Court shall conduct its proceedings at the county seat of the county in which the case is pending, except as otherwise provided by law; providing for election proclamation and submission to qualified electors of the State.

BE IT RESOLVED BY THE

News From Our Neighbors

Events from nearby towns, taken from other papers.

ROBY—Tim O. Cook, vice president and director of the Citizens State Bank, has resigned effective August 1. Cook has accepted a position with the Lamesa National Bank. Sidney P. Nicks, who has served as cashier of the Roby bank,

will take over the active management of the institution.

RULE—Bob Perkins, student at McMurtry College last year, has been employed as assistant coach for Rule High School.

RULE—Sonny Denson, small son of Mr. and Mrs. Raymond K. Denson, is in an Abilene hospital suffering from polio.

SPUR—Scouts from all parts of the Break Plains district were

guests of the Spur troop. Tuesday at a swim meet. Winners in the meet will represent the district in Lubbock August 16.

ASPERMONT—Rites for Mrs. J. S. Christesson, 72, were conducted last Tuesday afternoon. Mrs. Christesson died in her home here last Sunday.

ASPERMONT—School in Aspermont will open Tuesday, September 9, it was announced this week by R. W. Johnson, superintendent.

MERKEL—Final rites for Mrs. Dora Matilda Harris, 81, were conducted last Wednesday. Mrs. Harris, a pioneer of this community, died in the family home about noon last Tuesday.

MERKEL—Streets and alleys of Merkel were given another spraying with DDT last Wednesday when the county fogging machine visited here for the first time in two weeks.

ROBY—Linda Young, 3-year-old daughter of Mr. and Mrs. George Young, suffered painful bruises last Tuesday when she fell from the rear door of the family automobile into the path of a rear wheel. The child sustained a fracture of her left leg and bruises.

ROBY—Funeral services for J. W. Kinsey were conducted last Tuesday afternoon. Kinsey died Monday morning.

STAMFORD—Purchase of 425 parking meters to be installed in Stamford on a trial basis was announced by the city council this

week. The meter selected will use either a penny or a nickel.

ANSON—Street markers for Anson have arrived and will be erected within a few days. The work of erecting the markers will be done by Charles Stephens, street commissioner.

ANSON—Rites for Charles Reese Wilson, 59, were conducted last Monday afternoon. Wilson died in the Stamford Sanitarium last Monday.

ROTAN—Dates for the annual Fisher County fair have been set for September 22, 23 and 24, it was announced this week by officials of the fair board.

STAMFORD—Reburial services for Lieut. Wade B. Fourqurean were conducted Sunday afternoon. Fourqurean was killed on Leyte on Nov. 6, 1944.

STAMFORD—Rites for Clyde R. Weldon, 2-year-old son of Mr. and Mrs. James W. Weldon, were conducted Sunday afternoon. The child

who lived in Stamford until a few months ago, was killed when struck by a car on a street in Inglewood, Calif., last Wednesday.

HASKELL—Norma Jean Gipson, 9-year-old daughter of Mr. and Mrs. J. P. Gipson is Haskell's victim of polio. Her illness was diagnosed as the dread disease this week. As a result of the diagnosis, city officials have issued a stern order to clean up the city as a protective measure against spread of the disease.

HASKELL—Estimates of cost for paving in Haskell have been obtained by the city council preparatory to beginning an extensive program of street surfacing.

MUNDAY—Freedom from parental restrictions was brief for two Jacksboro boys who started from their home Sunday morning and landed in the Munday jail Sunday evening. The boys, 12 and 13 years of age, said they were running away from home and going to Fort Worth. Officers called members of

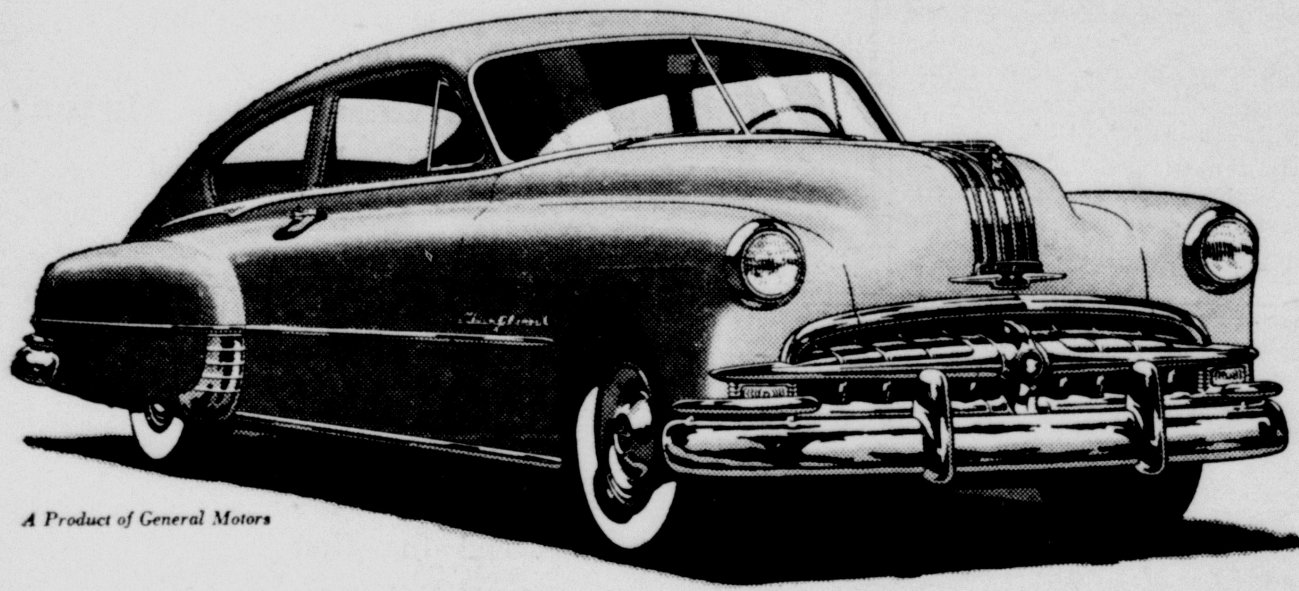

SPEAKER TO SPEAK—Durwood Manford (above), Speaker of the Texas House of Representatives, will deliver the address at the annual luncheon of the West Texas Press Association at the Brownwood Hotel in Brownwood, Friday, August 12. He is expected to review the state government's financial position.

their family and a sister came after them to return them home.

Proposed Baskin Reservoir Draws Support of 25 Towns in District

In line with proposal of the West Texas Chamber of Commerce that domestic water be given priority in criteria for dam building, 25 Texas towns on the Brazos watershed this week launched a new drive for an appropriation of more than 300,000 acre feet of water for the Bob Baskin reservoir.

The request is being filed with the city of Haskell acting agent for the Board of Water Engineers by other towns along the Double Mountain and Salt Forks of the Brazos.

At the same time these towns took their demands to Washington with a request for a resurvey of the project by the Bureau of Reclamation, using the same criteria developed in the proposal of the \$87 million Canadian dam serving 11 towns in the anhandle-Plains area.

Manager D. A. Bandeen of the WTCC, who recently prepared a report on the West Texas Water shortage damages and application of the Hoover Commission's domestic water recommendations, next week will take to Austin an official resolution from the Haskell city council, asking for the appropriation.

A request was sent to Washington this week by John Couch, president of the Bob Baskin Dam Assn., for a resurvey by the Reclamation Bureau. Bandeen said this request was made in line with the criteria proposed by the WTCC which would give domestic water priority in all multi-purpose dam construction.

This program has been finding wide-spread approval in official circles and, according to Congressman Mahon who says, "the thinking of the Bureau of Reclamation is undergoing a drastic change. The Bureau is enthusiastically supporting the Canadian project, even

though it is almost exclusively a municipal water supply project."

Letters from high officials commending the WTCC program for revision of the dam building criteria have been pouring into Abilene WTCC office for two weeks. They include letters from Herbert Hoover, chairman of the Hoover Commission, which recommended in its report that domestic water be given first priority in criteria for multi-purpose dam building. Other members of the commission who have written to Bandeen are Arthur S. Flemming, Jos. P. Kennedy and C. J. Brown. Brown suggested that copies of the WTCC report be sent to all members of congress.

Senators Tom Connally and Lyndon Johnson, together with Congressman Omar Bursleson, Eugene Worley and George Mahon, have also added their commendation to the program. Likewise letters have come from the United States C of C and the National Association of State Chambers of Commerce. One of the last letters Gov. Beauford Jester wrote before his death was one of commendation of the WTCC formula.

Towns joining in the water appropriation request for the Bob Baskin dam are: Knox City, Benjamin, Mont, Rochester, Rule, Weinert, Goree, Munday, Peacock, Asper, Haskell, Hamlin, Stamford, Anson, Guthrie, Truscott, Lueders, Roby, Rotan, Jayton, Seymour, Throckmorton, Fort Griffin, Albany, Girard, Clairmont, Spur, Rhineland, O'Brien, Sagerton and Avoca.

21 MYF Members at Retreat on Ranch

Twenty one members of the MYF of the First Methodist Church of Hamlin attended a two-day "retreat" on the Martin ranch near here last week end.

Led by Morris Fisher, assistant pastor, the group attended services Friday evening and participated in conferences Saturday morning.

Those who attended were Billy Kathryn Newland, Patricia Rimmer, Jessy Dean Bowman, Susanne Hudson, Jeannine Johnston, Sue McCrary, Rose Brady, Kay Bessire, Joe Don Hymer, Skippy Wick, Wiley Rimmer, Larry Rimmer.

James Bowman, Margaret Helen Chandler, Marisue Daniel, Tommy Lowe, John Edgar Rowland, Dale Pointer, Wayne Daniel, Jim Freeman and Jimmie Feagan.

Mrs. Bewley Is Bride Of Donald Purvis

Mrs. Bernice Bewley of Sweetwater was married to Donald Purvis, also of Sweetwater, when vows were read for them by Rev. J. D. Cates, pastor of the West Side Baptist Mission in Sweetwater last Saturday.

Mrs. Purvis has been a resident of Sweetwater for a number of years. For the past several months she has served as bookkeeper for the Hamlin Herald.

Purvis is employed by the state highway department. Mr. and Mrs. Purvis will make their home in Sweetwater.

Celotex Revival to Open Friday Night

A revival meeting, scheduled for 10 days, will open in the Celotex Clubhouse Friday evening. It has been announced by Rev. Davis Edens, Methodist pastor.

Rev. Elton Wyatt of Lawn will conduct the services, which will be held at 10 a. m. and 8 p. m. each day. It is planned to secure the services of a song leader, church members have said.

Miss Elsie Withers and Miss Louise Proctor spent last week visiting in Dallas, Albany and Stephenville.

sister, Mrs. J. D. Hawkins, and also with her brother and sister-in-law, Mr. and Mrs. O. B. Proctor.

Mr. and Mrs. Joe A. Simpson and daughters, Faith and Carol Joe, went to Hico Sunday to return Mrs. H. A. Simpson to her home. Mrs. Simpson had been a guest in Hamlin for the past week.

Install whole-house heating now!

Easy terms; small down payment; monthly payments may be postponed until October.

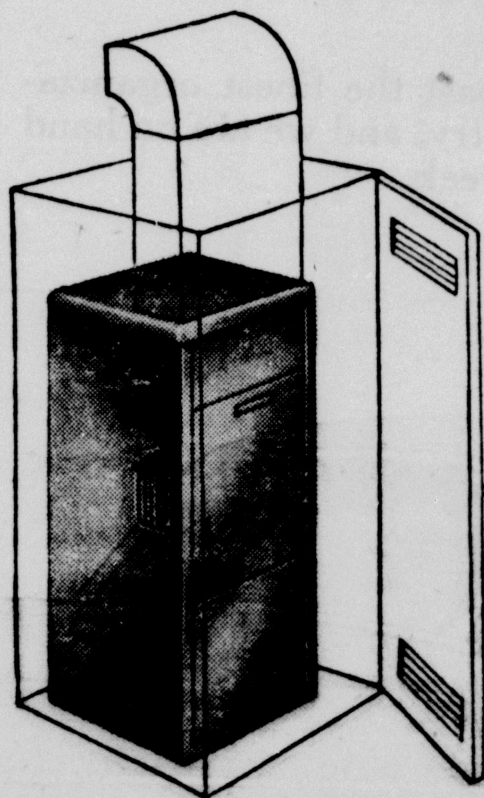

Serve All-Year Gas Air Conditioner

Provides clean, comfortable whole-house heating in winter. In summer, refrigerates air and removes sticky humidity. Operates through ducts and registers from a single unit—with just a flick of a switch. You're sure of satisfaction because of Lone Star's expert engineering and service after the sale. Equipment room or basement space eight feet square accommodates conditioner unit.

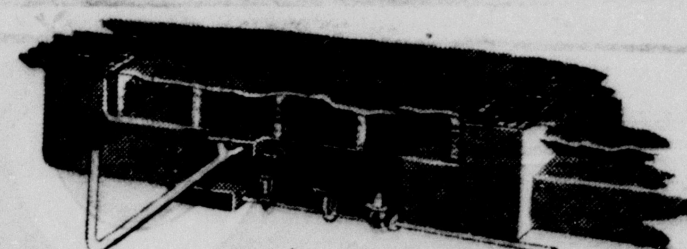

Closet-Type Winter Air Conditioner

Big filters clean the air. Large capacity, low speed blower circulates the air through ducts and registers to every room. Automatic control keeps air at the temperature you select, giving you added convenience, health protection and fuel savings. No basement or special room necessary; small closet accommodates unit.

Space-Saving Forced Air Furnace

This furnace brings forced-air-circulation heating comfort to large homes and to ranch style homes where installation space is limited. Space-saving furnace has low speed blower which circulates clean, active warm air through ducts and registers to every room. Automatically controlled.

Avoid Delay Avoid Discomfort Avoid Inconvenience

... which would occur if you wait until winter to have equipment installed

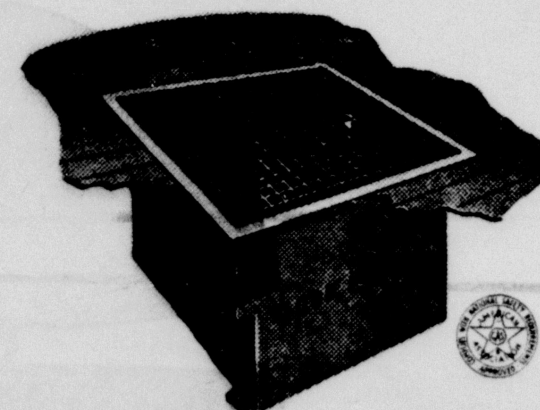

Lone Star Gas Company heating specialists are ready to plan and execute installation of whole-house heating equipment.

Call Lone Star Gas Company. A qualified representative will come to your home promptly to survey your heating needs. Following a heating survey, he will give you the right advice. He is trained and qualified to tell you the location, size and type whole-house that will best suit your individual needs.

Whatever whole-house heating equipment best suits your needs can be installed at your convenience, before winter.

Avoid disappointment of those who are caught in the rush when cold weather strikes. Call Lone Star Gas Company for a house heating survey today.

SUMMER Sale FLOOR FURNACES

Approved American Gas Association Testing Laboratory

Automatic, flue-vented furnaces eliminate frigid floors, chilly corners, dangerous drafts. Banish wall and window sweating, too. Hurry! Get yours before sale ends... while installations are prompt and more convenient for you.

Grains, Vegetables Take Slump as Other Farm Markets Show Strength

Lower prices for most grains, fruits and vegetables contrasted with strong markets for most other farm products during the past week, the U. S. Department of Agriculture's Production and Marketing Administration reports.

Sheep and lambs closed the week unchanged to mostly 50 cents higher. Medium to choice spring lambs ranged from \$20 to \$23.50 at Texas and Oklahoma markets and around \$25 at Denver Monday. Goats advanced 50 cents at San Antonio.

Advances of 50 cents to \$1.25 for the week were general at the hog

markets. Medium weight butchers turned mainly from \$21.75 to \$22.25 in Texas and Oklahoma, and \$23.75 to \$24 at Denver. Sows brought \$17.50 and down at Texas markets.

Most cattle showed gains for the week ranging from 25 cents to around \$2, but cows lost similar amounts at San Antonio, and bulls recorded general declines. Canner and cutter cows brought \$11.50 to \$14.50 Monday at Houston, \$10 to \$13 at San Antonio, \$10 to \$13.50 at Fort Worth, and \$12 to \$14 at Denver.

Less cattle arrived at Texas and

Oklahoma markets last week than the week before, but other livestock numbers changed little in the south-west and midwest.

Pork lost \$2 to \$6 for the week as other dressed meat sold weak to lower.

Good demand raised prices of candied eggs a cent or two per dozen and spring chickens a penny a pound during the past week. North Texas markets paid 50 to 54 cents a dozen for candied white eggs and 45 to 48 for mixed colors.

Wool trade was quiet, but Texas reported scattered sales of 12-months wools around \$1.55 to \$1.60 clean basis. Mohair remained nominally 38 and 58 cents.

High-protein feeds continued to rise in price this week, as most other feeds showed little change. Stronger alfalfa hay markets contrasted with sagging prairie hay values. First harvesting of early-planted peanuts began in south Texas.

Heavy supplies of many summer fruits and vegetables sold at lower prices this week. San Luis Valley peas fell to \$1.75 a bushel and northern Colorado potatoes to around \$2 a hundred pounds. Peaches declined in Arkansas and Louisiana, and sweet potatoes in southern Louisiana and east Texas.

All grains except sorghums closed Monday lower than a week earlier. Losses ranged from 1 to 5 cents. No. 1 hard ordinary wheat sold at \$2.17-1-2 a bushel at Texas common

Mr. and Mrs. Edgar Duncan have returned to their home here after a vacation in Colorado and California.

FRAMED

A sneak thief had stolen into an art gallery, taken down one of the poorer pictures and was making his way out of the place when one of the guards came up from behind snapped the picture from under the thief's arm and slammed it down over his ears.

"Now," he warned, "don't go telling the judge I framed you."

points. No. 2 yellow milo brought \$2.15 to \$2.25 a hundred pounds.

Southern rice growers sold more rice than in several weeks, and Commodity Credit Corporation brought substantial amounts of milled rice. Prices held about unchanged from recent levels.

Most cotton markets closed Monday 50 cents to \$1 a bale higher than a week ago, although Little Rock declined \$3.25. Dallas sold spot middling 15-16 at 30.65; Houston 30.90; Galveston 31.00; New Orleans, and Little Rock 31.40.

Vernon Townsend, above, is Hamlin High School's new assistant coach. A member of the all-conference championship McMurry football team last year, Townsend coached at Snyder before coming to Hamlin.

Mr. and Mrs. Delma Shelburne and children, Kay and Gene, and Mr. and Mrs. C. J. Adkins of Houston, Mr. and Mrs. Glen Adkins of Lubbock and Miss Hazel Adkins of Altadena, Calif., have returned to Hamlin after spending a vacation in New Mexico. While there they visited with Mr. and Mrs. Sam Adkins in Santa Fe with Mr. and Mrs. Sammie Adkins in Taos, and with Mr. and Mrs. Oscar Owens in Albuquerque. Miss Hazel Adkins, a physical therapist, is now employed in a hospital in Hondo, Calif.

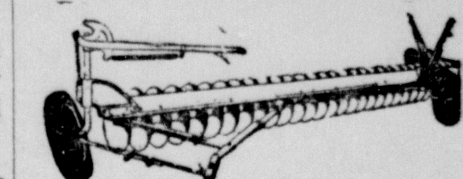

Miss Janie Mae Johnson has gone to Sioux Falls, Iowa, where she will teach school during the coming term.

Mr. and Mrs. George Malouf and daughter, Angela, left Tuesday for California, where they will spend two weeks on vacation.

McCaulley Church to Have Revival Meeting

Plans for a revival meeting in the McCaulley Baptist Church were announced this week by the Rev. L. R. Stuckey, pastor. The revival will open Sunday, August 7, and will continue through Sunday, August 21.

There are 50 windows in the Navy's new super transport plane, the Constitution.

Your trip to California in Santa Fe Chair Cars costs less than by automobile...

It's hard to believe (till you figure it out for yourself)

Even when you divide the cost among two people—the cost is still less per person via Santa Fe chair car.

Just add up the cost of driving your car to California—gas, oil, depreciation and night's lodgings (to say nothing of wear and tear on yourself)—and you'll see for yourself!

And that isn't all! After arriving in Los Angeles, you can travel to San Diego on your round-trip ticket via Santa Fe at no extra cost! Just tell the ticket agent you want it that way.

You'll like traveling in Santa Fe chair cars, too! Carefree clothing is the popular way to dress, and you have comfortable dressing rooms to freshen up whenever you please so that you can enjoy every minute of your trip along the scenic route to California.

Remember too, you can enjoy famous Fred Harvey meals when you travel Santa Fe.

HERE'S AN EXAMPLE OF ACTUAL COST COMPARISON

Two persons—Amarillo to Los Angeles and return

VIA SANTA FE CHAIR CARS

ROUND TRIP \$119.00 (\$59.00 each person including Federal Tax)

TRANSPORTATION

TOTAL COST \$119.00

Payroll of Hospital Reaches High Point

Changing in less than a year from a staggering business institution on the verge of financial collapse, the Hamlin Memorial Hospital is now on a sound business footing and seems to be on the road to becoming entirely solvent, J. E. Patterson, business manager, said this week.

Patterson released some figures to show the operating cost of the institution for a month. A payroll of \$2,500 is maintained, which means that \$30,000 a year is turned over in Hamlin business channels from wages paid by the hospital.

Other items of local expense, including water, telephone, electricity, gas, ice, milk, laundry and miscellaneous expenses total \$1195.66 for the month of July, Patterson said.

In addition to the money spent directly by the hospital, Patterson said people who come here from outlying communities for hospital service, spend considerable sums with local merchants.

Former Hamlin Student; Coach AT H-SU Resigns

Bill Scott, freshman basketball coach, has resigned his position at Hardin-Simmons University, and will accept a job in the Levelland public schools. He will serve as backfield coach.

A former president of the student body, Scott will not be new to the folks in Levelland, having served

as a football mentor in 1947. He is the son of Mrs. Frances Scott, Hamlin, and a graduate of the Hamlin high school.

While coaching at the Plains school Scott, assisting Coach Truett Ratton, also an ex-Hardin-Simmons star, helped direct the District A Levelland Lobos to district and regional titles. He also compiled an outstanding record as a coach in the army, coaching championship teams in Guam.

Under Scott, the first Cowboy freshman team since 1941 met some of the top freshman and junior

Firemen's Auxiliary Met Last Thursday

Members of the Firemen's Auxiliary met in the fire station last Thursday evening, with Mrs. Bryant Conner and Mrs. L. J. Cunningham as hostesses.

The women voted to require each member to notify the hostess if she is unable to attend meetings, or to pay a fine of 25 cents. Mrs. John Edwards and Mrs. J. H. Foster will be hostesses for the meeting August 11.

Those present were Mrs. Mickey McGuire, Mrs. Alton Mayfield, Mrs. Jack White, Mrs. Garland Goldtharp, Mrs. Nute Stephens, Mrs. Sol Branscum, Mrs. Bill Thompson, Mrs. John Edwards, Mrs. Bryant Conner, Mrs. L. J. Cunningham and CMrs. H. E. Lawson.

Mr. and Mrs. R. H. McCurdy spent last week end in Sweetwater. While there they attended the Sweetwater-Odessa baseball game.

Destination Unknown

A husband was dressing and couldn't find his collar button.

"You're the most careless man I ever met in my life," said the wife. "Here's your collar button. Why don't you put it in one spot? Every morning it's always 'Where's my collar button?'"

Next morning the husband came to the breakfast table mumbling. "What's the matter?" asked his wife.

"I swallowed my collar button." "Well, at least for once you know where it is."

Big Business

A man hurried into a barber-shop. "I want a shave quick!" he said. The barber lathered his face and then sat down.

"Come on, shave me!" said the man.

"I can't. You see I lather and my partner shaves."

"Well, where's your partner?" "He went to a funeral, but he'll be back soon."

Eventually the partner came in, took off his jacket, put on his white coat and shaved the man.

The man was about to leave the shop when the barber who shaved him called out.

"Wait a minute!" he said. "You didn't pay me."

"Well, you see, I've got a partner, too. I get shaved and he pays for it."

"Where is your partner?" "He's the guy whose funeral you attended."

Mr. and Mrs. W. C. Russell have returned to Hamlin after spending a vacation in Utah and Nevada.

MECHANIC IS EMPLOYED

Jim Faulkner of Amarillo has been employed as head mechanic of the Irwin Motor Co. shop, A. G. Irwin, manager, said Wednesday. Orville Lee Elrod of Anson has been employed as assistant in the shop.

Meaty Subject

A woman went on a diet. After four weeks she and the friend walked into a butcher shop.

"Cut me off exactly twenty-four pounds of meat, please."

The butcher cut the meat. "Is that exactly twenty-four pounds?"

"That's exactly twenty-four," said the butcher. "Are you going to take it with you or shall I send it?"

"No, I just want to show my friend what losing twenty-four pounds looks like in one piece."

REVIVAL CLOSES

A revival meeting which had been underway for 10 days in the Calvary Baptist Church, closed Sunday evening. Three additions resulted from the services conducted by Eld. J. B. Pruitt of Abilene.
